Screening for
COVID-19

FloridaHealth.gov/COVID-19 • Florida Department of Health

## 1 Are you experiencing symptoms?

Symptoms may appear in 2–14 days after exposure to the virus.

The most common symptoms of COVID-19 are **cough and shortness of breath.** Other symptoms include fever, chills, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, and diarrhea.
2 Have you returned from international travel or a cruise within the last 14 days and have any of the symptoms above?
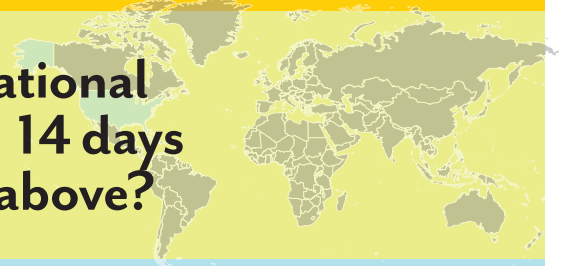

3 Have you been around someone diagnosed with COVID-19?

If you answered "yes" to any of the above questions, call your health care provider or your county health department (CHD) by scanning the code for the local CHD finder.

Guidance

- Avoid contact with sick people.

- Wash hands often with soap and water for at least 20 seconds.

- Wear a face mask and social distance for at least 6 feet when in public.

The CDC has options to reduce quarantine. Scan the code to learn more.
