

# BE

Some say that, aerodynamically, it is impossible for bumble bees to fly because their wings are too small for their bodies.

**But bumble bees don't care.**

*They just fly!*

*support,  
resources &  
information*

**Bright Expectations (BE) is dedicated to helping our Florida residents with special needs and unique abilities find the resources, support and inspiration that they, and their families, need to break barriers and achieve their dreams. Start your journey today!**
