### Laboratory testing for Florida residents over the past 2 weeks

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who has previously tested positive are excluded.

Bar chart — Number of Florida residents who tested negative per day. Date (12:00 am to 11:59 pm):
- 8/16: 30,447
- 8/17: 45,271
- 8/18: 54,753
- 8/19: 63,004
- 8/20: 64,186
- 8/21: 83,497
- 8/22: 50,425
- 8/23: 37,924
- 8/24: 34,090
- 8/25: 54,482
- 8/26: 48,558
- 8/27: 63,279
- 8/28: 61,285
- 8/29: 50,515

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

Bar chart — Percent positivity for new cases. Date (12:00 am to 11:59 pm):
- 8/16: 8.20%
- 8/17: 7.91%
- 8/18: 7.05%
- 8/19: 6.74%
- 8/20: 6.78%
- 8/21: 4.94%
- 8/22: 5.65%
- 8/23: 5.15%
- 8/24: 7.47%
- 8/25: 5.70%
- 8/26: 6.27%
- 8/27: 5.57%
- 8/28: 4.93%
- 8/29: 5.14%

Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Florida County

Daily percent of ED visits mentioning cough, fever, or shortness of breath

Weekly count of ED and FSED visits for influenza-like illness

Daily percent of ED visits resulting in cough-associated admissions

Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 212 Florida EDs and 77 of 80 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who has previously tested positive are excluded.

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

Daily percent of ED visits mentioning
cough, fever, or **shortness of breath**

Weekly count of ED and FSED visits for
influenza-like illness

Daily percent of ED visits resulting in
cough-associated admissions

Weekly count of ED and FSED visits for
COVID-like illness

## Laboratory testing for Florida residents over the past 2 weeks
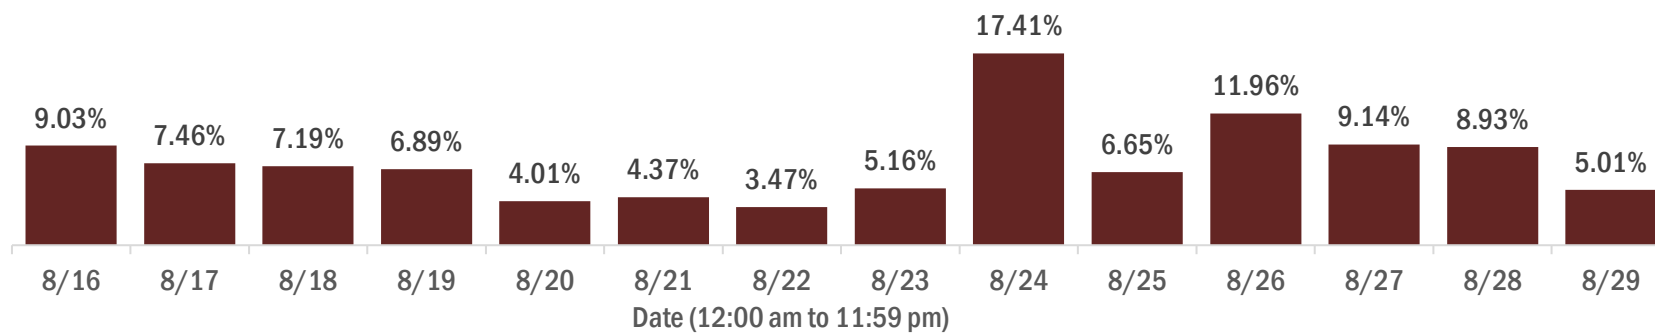

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who has previously tested positive are excluded.

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Laboratory testing for Florida residents over the past 2 weeks

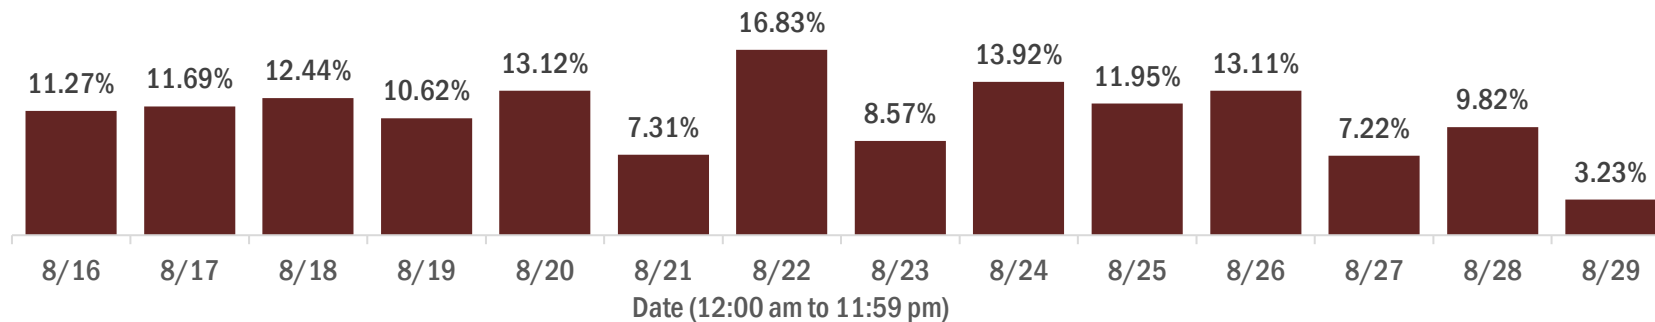

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who has previously tested positive are excluded.

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Hardee County

## Laboratory testing for Florida residents over the past 2 weeks

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who has previously tested positive are excluded.

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

## Laboratory testing for Florida residents over the past 2 weeks

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who has previously tested positive are excluded.

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.
