Hospitalization counts include anyone who was hospitalized at some point during their illness. It does not reflect the number of people currently hospitalized.

Other race includes any person with a race of American Indian/Alaskan native, Asian, native Hawaiian/Pacific Islander, or other.

COVID-19: summary for Florida

Data through Nov 15, 2020 verified as of Nov 16, 2020 at 09:25 AM

Data in this report are provisional and subject to change.

Laboratory testing for Florida residents over the past 2 weeks

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Florida County

Daily percent of ED visits mentioning cough, fever, or shortness of breath

Weekly count of ED and FSED visits for influenza-like illness

Daily percent of ED visits resulting in cough-associated admissions

Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Hospitalization counts include anyone who was hospitalized at some point during their illness. It does not reflect the number of people currently hospitalized.

Other race includes any person with a race of American Indian/Alaskan native, Asian, native Hawaiian/Pacific Islander, or other.

COVID-19: summary for Brevard County

Data through Nov 15, 2020 verified as of Nov 16, 2020 at 09:25 AM

Data in this report are provisional and subject to change.

Laboratory testing for Florida residents over the past 2 weeks

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Brevard County

Daily percent of ED visits mentioning cough, fever, or shortness of breath

Weekly count of ED and FSED visits for influenza-like illness

Daily percent of ED visits resulting in cough-associated admissions

Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Data in this report are provisional and subject to change.

Laboratory testing for Florida residents over the past 2 weeks

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Gilchrist County

Daily percent of ED visits mentioning cough, fever, or shortness of breath

Weekly count of ED and FSED visits for influenza-like illness

Daily percent of ED visits resulting in cough-associated admissions

Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Data in this report are provisional and subject to change.

Laboratory testing for Florida residents over the past 2 weeks

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Hendry County

Daily percent of ED visits mentioning cough, fever, or shortness of breath

Weekly count of ED and FSED visits for influenza-like illness

Daily percent of ED visits resulting in cough-associated admissions

Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

COVID-19: summary for Leon County

Data through Nov 15, 2020 verified as of Nov 16, 2020 at 09:25 AM

Data in this report are provisional and subject to change.

Laboratory testing for Florida residents over the past 2 weeks

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Leon County

Daily percent of ED visits mentioning cough, fever, or shortness of breath

Weekly count of ED and FSED visits for influenza-like illness

Daily percent of ED visits resulting in cough-associated admissions

Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Laboratory testing for Florida residents over the past 2 weeks

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for St. Johns County

Daily percent of ED visits mentioning cough, fever, or shortness of breath

Weekly count of ED and FSED visits for influenza-like illness

Daily percent of ED visits resulting in cough-associated admissions

Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.

Data in this report are provisional and subject to change.

Laboratory testing for Florida residents over the past 2 weeks

Number of Florida residents who tested negative per day

These counts include the number of people for whom the Department received negative PCR or antigen laboratory results by day. People who tested negative on multiple days will be included once for each day they are tested. Negative results for persons who have previously tested positive are excluded.

Percent positivity for new cases in Florida residents

These counts include the number of Florida residents for whom the department received PCR or antigen laboratory results by day. This percent is the number of people who test positive for the first time divided by all the people tested that day, excluding people who have previously tested positive.

Emergency department (ED) and freestanding ED (FSED) chief complaint and admission data for Union County

Daily percent of ED visits mentioning cough, fever, or shortness of breath

Weekly count of ED and FSED visits for influenza-like illness

Daily percent of ED visits resulting in cough-associated admissions

Weekly count of ED and FSED visits for COVID-like illness

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 211 of 211 Florida EDs and 88 of 89 Florida FSEDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.
