

COVID-19: Florida vaccine summary

Vaccination data through Mar 1, 2021 as of Mar 2, 2021 at 12:05 AM

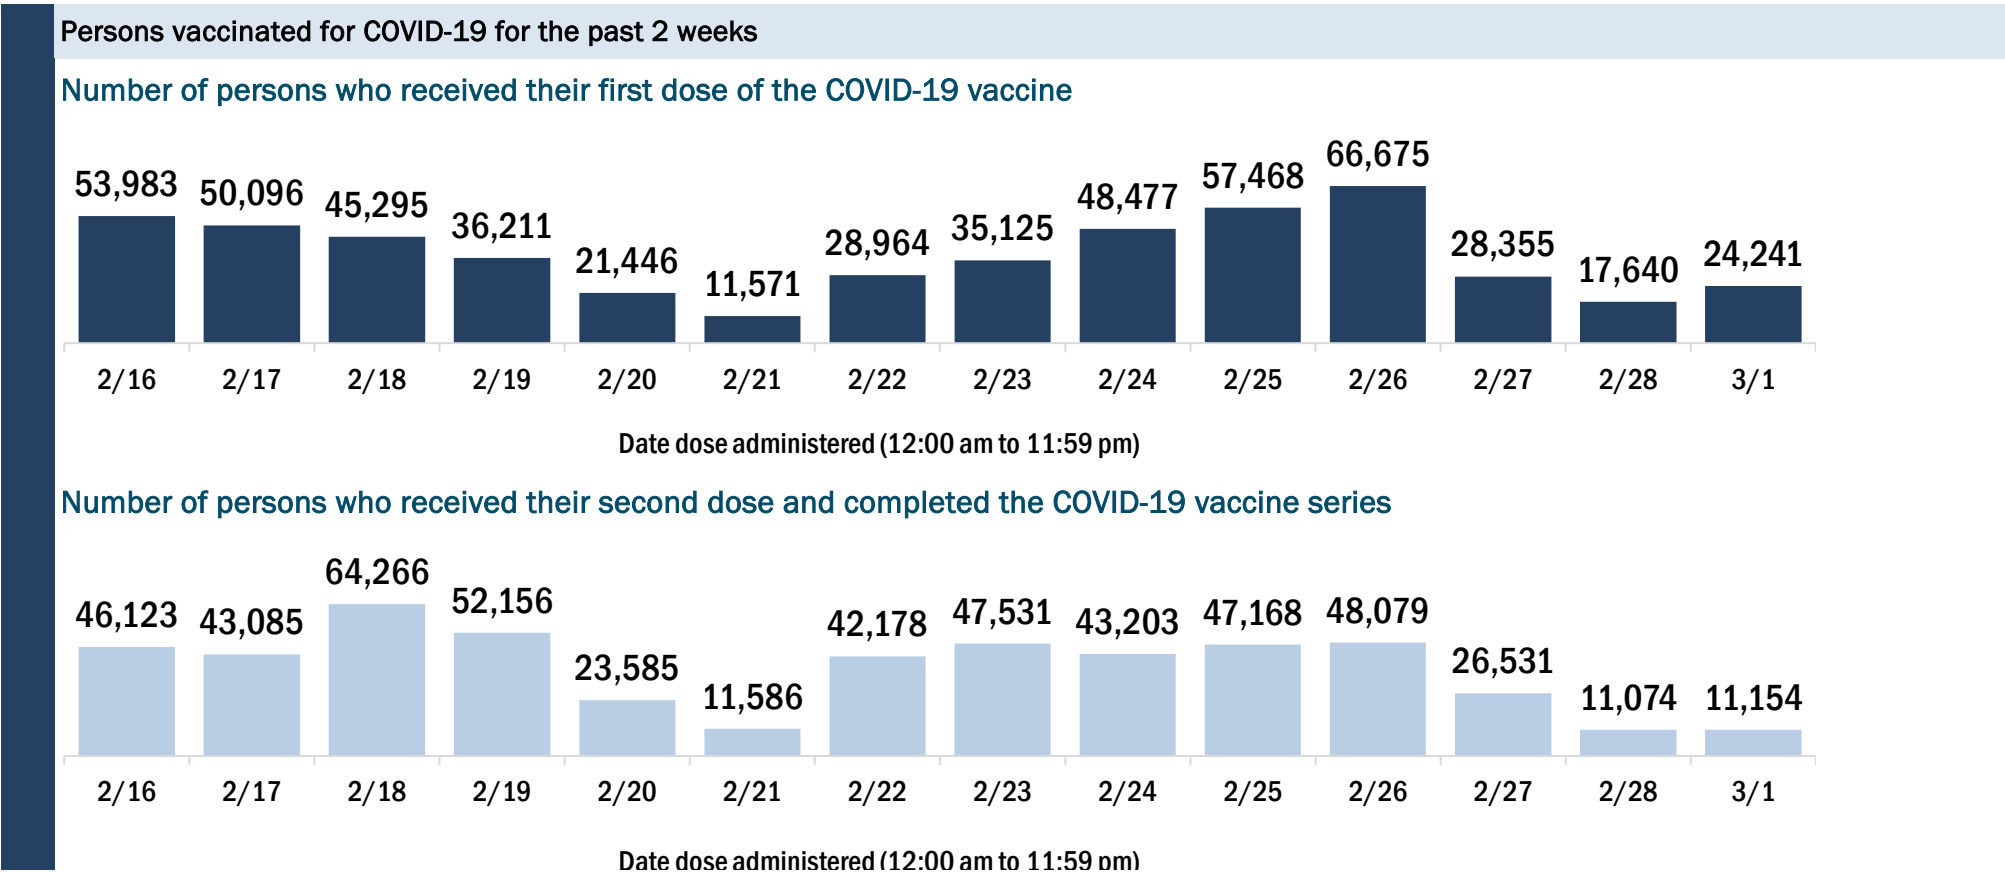

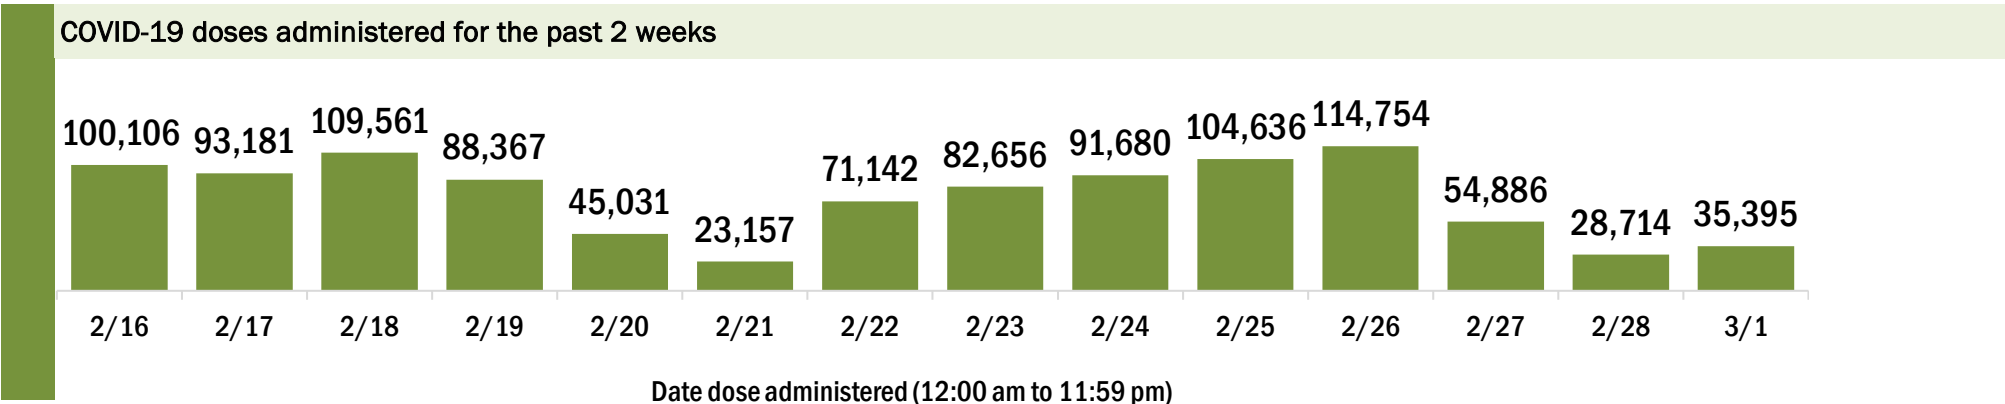

Data in this report are provisional and subject to change. Data are based on county of residence.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization. These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. **A person can only be counted in one category, first dose or series complete. After individuals receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day.**

COVID-19 doses administered in Florida	
Doses administered	4,808,125
Total number of doses of the COVID-19 vaccine that have been administered in Florida.	

Current status of persons vaccinated for COVID-19 in Florida	
Total people vaccinated	3,084,403
First dose	1,360,681
Series completed	1,723,722
First dose: current number of people who have only received their first dose of the COVID-19 vaccine.	
Series complete: current number of people who have received all recommended doses of the COVID-19 vaccine to be considered fully immunized.

COVID-19: Clay County vaccine summary

Vaccination data through Mar 1, 2021 as of Mar 2, 2021 at 12:05 AM

Data in this report are provisional and subject to change. Data are based on county of residence.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization. These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. **A person can only be counted in one category, first dose or series complete. After individuals receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day.**

COVID-19: Gadsden County vaccine summary

Vaccination data through Mar 1, 2021 as of Mar 2, 2021 at 12:05 AM

Data in this report are provisional and subject to change. Data are based on county of residence.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization. These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. **A person can only be counted in one category, first dose or series complete. After individuals receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day.**

Vaccination data through Mar 1, 2021 as of Mar 2, 2021 at 12:05 AM

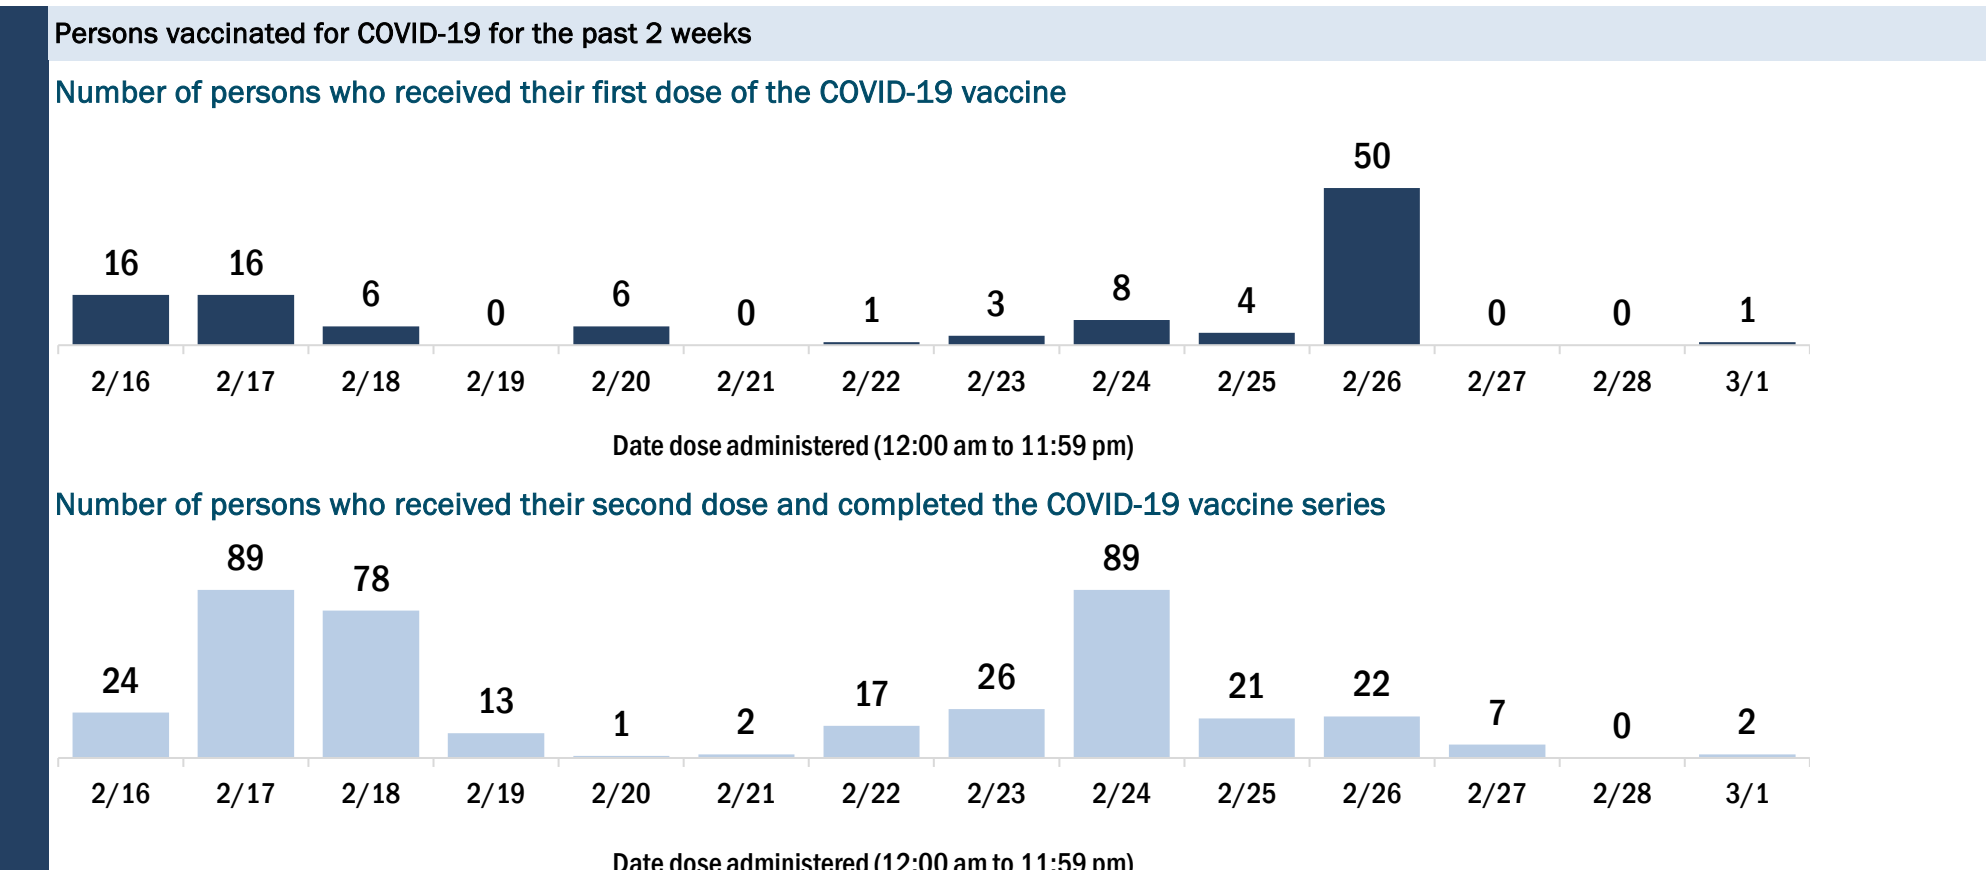

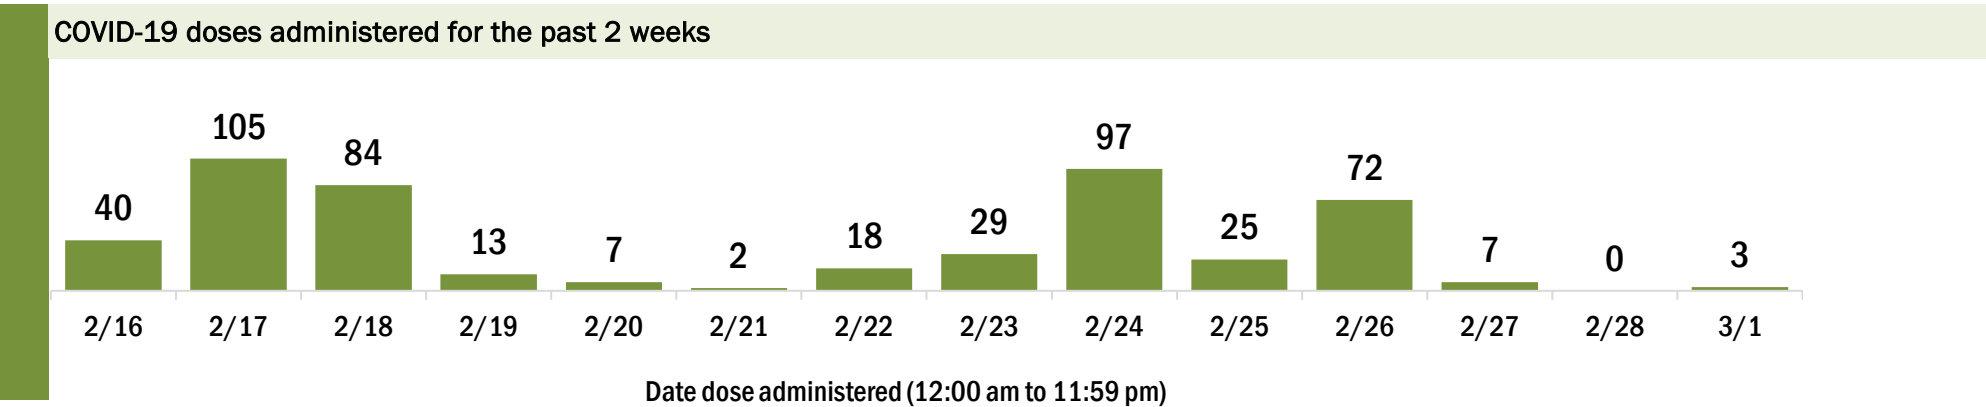

Data in this report are provisional and subject to change. Data are based on county of residence.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization. These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. **A person can only be counted in one category, first dose or series complete. After individuals receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day.**

COVID-19: Marion County vaccine summary

Vaccination data through Mar 1, 2021 as of Mar 2, 2021 at 12:05 AM

Data in this report are provisional and subject to change. Data are based on county of residence.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization. These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. **A person can only be counted in one category, first dose or series complete. After individuals receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day.**

COVID-19: Pinellas County vaccine summary

Vaccination data through Mar 1, 2021 as of Mar 2, 2021 at 12:05 AM

Data in this report are provisional and subject to change. Data are based on county of residence.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization. These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. **A person can only be counted in one category, first dose or series complete. After individuals receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day.**

COVID-19: Suwannee County vaccine summary

Vaccination data through Mar 1, 2021 as of Mar 2, 2021 at 12:05 AM

Data in this report are provisional and subject to change. Data are based on county of residence.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization. These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. **A person can only be counted in one category, first dose or series complete. After individuals receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day.**
