### COVID-19: Florida vaccine summary

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change. Data are based on county of residence.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

#### COVID-19 doses for vaccinated persons in Florida

| Doses administered | 6,450,812 |

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.

#### Current status of persons vaccinated for COVID-19 in Florida

| Total people vaccinated | 4,204,186 |
| First dose | 1,880,820 |
| Series complete | 2,323,366 |
| Completed 1-dose series | 76,740 |
| Completed 2-dose series | 2,246,626 |

**First dose**: current number of people who have only received their first dose of the Moderna or Pfizer vaccine. **Series complete**: current number of people who have received both Moderna or Pfizer vaccine doses or one Johnson & Johnson dose and are considered fully immunized.

Date dose administered (12:00 am to 11:59 pm)
COVID-19: Baker County vaccine summary

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

### COVID-19 doses for vaccinated persons in Florida

**Doses administered** 5,232

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.

### Current status of persons vaccinated for COVID-19 in Florida

**Total people vaccinated** 3,177

COVID-19: Brevard County vaccine summary

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

### COVID-19 doses for vaccinated persons in Florida

| Doses administered | 168,914 |

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.

### Current status of persons vaccinated for COVID-19 in Florida

| Total people vaccinated | 108,577 |

| First dose | 47,197 |
| Series completed | 61,380 |
| Completed 1-dose series | 1,043 |
| Completed 2-dose series | 60,337 |

**First dose:** current number of people who have only received their first dose of the Moderna or Pfizer vaccine.

**Series complete:** current number of people who have received both Moderna or Pfizer vaccine doses or one Johnson & Johnson dose and are considered fully immunized.

COVID-19: Citrus County vaccine summary

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19: Clay County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19: Desoto County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

### COVID-19 doses administered for vaccinated persons in Florida

<table>
<thead>
<tr>

<th>Series Complete</th>
<th>Total People Vaccinated</th>
</tr>
</thead>
<tbody>
<tr>
<td>Doses administered</td>
<td>8,010</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.

### Current status of persons vaccinated for COVID-19 in Florida

COVID-19: Escambia County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

### COVID-19 doses administered for vaccinated persons in Florida

<table>
<thead>
<tr>
<th>Doses administered</th>
<th>83,258</th>

COVID-19: Glades County vaccine summary

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19: Gulf County vaccine summary

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

### COVID-19 doses administered for vaccinated persons in Florida

<table>
<thead>
<tr>
<th>Doses administered</th>
<th>4,886</th>
</tr>
</thead>
</table>

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.

### Current status of persons vaccinated for COVID-19 in Florida

COVID-19: Hardee County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series complete column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series complete column.

COVID-19: Hernando County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

**COVID-19: Holmes County vaccine summary**

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. **A person can only be counted in one category, first dose or series complete.** For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. **Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day.** Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19: Indian River County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19: Jefferson County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19 doses for vaccinated persons in Florida

**Doses administered** 5,045

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.

First dose: current number of people who have only received their first dose of the Moderna or Pfizer vaccine.

Series complete: current number of people who have received both Moderna or Pfizer vaccine doses or one Johnson & Johnson dose and are considered fully immunized.
COVID-19: Levy County vaccine summary

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BionTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

**COVID-19 doses for vaccinated persons in Florida**

| Doses administered | 9,694 |

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.

**Current status of persons vaccinated for COVID-19 in Florida**

COVID-19: Liberty County vaccine summary

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. **A person can only be counted in one category, first dose or series complete.** For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. **Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day.** Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

# COVID-19: Manatee County vaccine summary

**Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM**

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. **A person can only be counted in one category, first dose or series complete.** For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. **Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day.** Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

## COVID-19 doses for vaccinated persons in Florida

<table>
<thead>
<tr>
<th>Doses administered</th>
<th>124,236</th>
</tr>
</thead>
</table>

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.

## Current status of persons vaccinated for COVID-19 in Florida

COVID-19: Monroe County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19: Nassau County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19: Orange County vaccine summary

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19 doses administered in Florida

| Doses administered | 291,017 |

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.

Current status of persons vaccinated for COVID-19 in Florida

COVID-19: Osceola County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19: Polk County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19: Putnam County vaccine summary

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

### COVID-19 doses administered for vaccinated persons in Florida

**Doses administered**: 15,645

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.

### Current status of persons vaccinated for COVID-19 in Florida

**Total people vaccinated**: 10,092

- **First dose**: 4,486 (current number of people who have only received their first dose of the Moderna or Pfizer vaccine).
- **Series complete**: 5,606 (current number of people who have received both Moderna or Pfizer vaccine doses or one Johnson & Johnson dose and are considered fully immunized).

A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19: Sarasota County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

Current status of persons vaccinated for COVID-19 in Florida

Total people vaccinated: 127,114

- First dose: 66,772
- Series completed: 60,342

First dose: current number of people who have only received their first dose of the Moderna or Pfizer vaccine.

Series complete: current number of people who have received both Moderna or Pfizer vaccine doses or one Johnson & Johnson dose and are considered fully immunized.

COVID-19 doses administered for the past 2 weeks

Persons vaccinated for COVID-19 for the past 2 weeks

Number of persons who completed the COVID-19 vaccine series
COVID-19: Seminole County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. **A person can only be counted in one category, first dose or series complete.** For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. **Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day.** Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

### COVID-19 doses administered for vaccinated persons in Florida

| Doses administered | 120,577 |

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.

### Current status of persons vaccinated for COVID-19 in Florida

| Total people vaccinated | 76,198 |
| First dose | 28,949 |
| Series completed | 47,249 |
| Completed 1-dose series | 2,870 |
| Completed 2-dose series | 44,379 |

**First dose:** current number of people who have only received their first dose of the Moderna or Pfizer vaccine.  
**Series complete:** current number of people who have received both Moderna or Pfizer vaccine doses or one Johnson & Johnson dose and are considered fully immunized.

COVID-19: St. Lucie County vaccine summary

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19: Sumter County vaccine summary

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-Biontech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19 doses for vaccinated persons in Florida

| Doses administered | 76,030 |

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.

Current status of persons vaccinated for COVID-19 in Florida

| Total people vaccinated | 49,037 |

First dose: current number of people who have only received their first dose of the Moderna or Pfizer vaccine.
Series complete: current number of people who have received both Moderna or Pfizer vaccine doses or one Johnson & Johnson dose and are considered fully immunized.

COVID-19: Union County vaccine summary

Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19 doses for vaccinated persons in Florida

| Doses administered | 2,464 |

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.

Current status of persons vaccinated for COVID-19 in Florida

| Total people vaccinated | 1,382 |

COVID-19: Volusia County vaccine summary
Vaccination data through Mar 13, 2021 as of Mar 14, 2021 at 12:05 AM
Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report to report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

COVID-19 doses for vaccinated persons in Florida

<table>
<thead>
<tr>
<th>Doses administered</th>
<th>165,057</th>
</tr>
</thead>
</table>

People receiving one dose of a 1-dose series (Johnson & Johnson) or receiving only one dose of a 2-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series count twice.
